Once there was a little girl, named
Giana, who had a magic pig. The pig
called Jeeni could speak like a human.

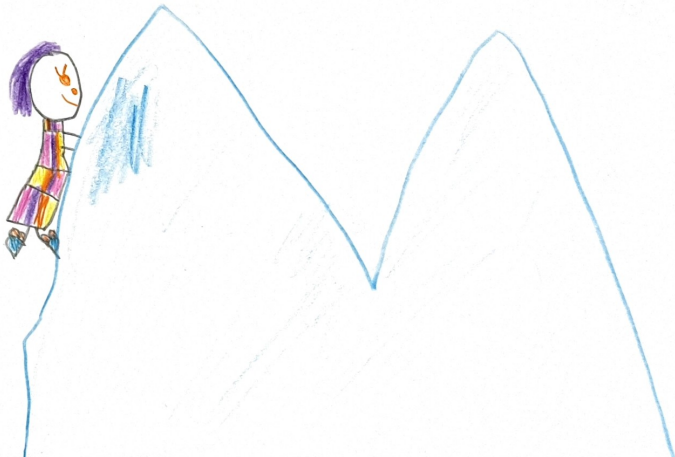

One day Jeeni was playing in the woods. A spider came and bit her. She lost her magical voice.

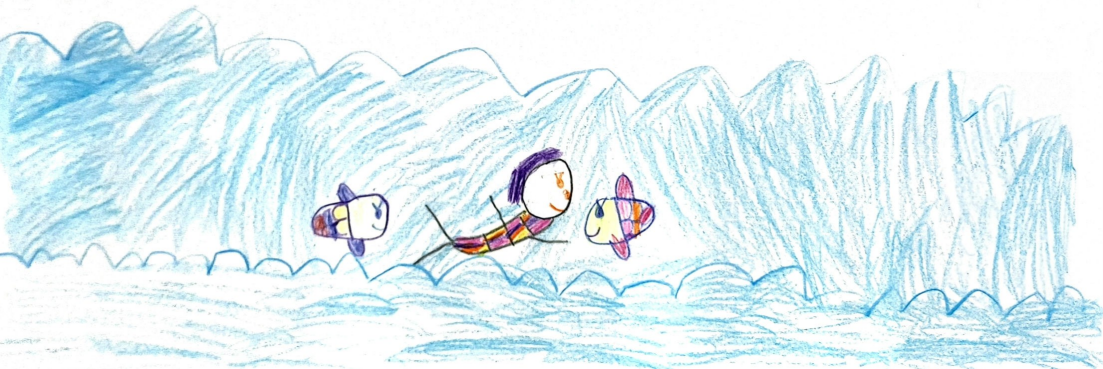

Jeehi was very sad. She wanted to have her voice back. A wizard appeared. "There is a healing flower in a land far far away" he said.

Giana promised to help Jeeni. She set out on a journey to get the healing flower. First, she had to climb snowy mountains.

There was a big river next to the snowy mountains. Giana swam in the river and crossed it.

Then, Giana met two girls in a field.
"You have to beat us in a race to move
ahead." said the girls. Giana ran very
fast and won the race.
