ROYAL ADVENTURES BEYOND THE GALAXY

my lovely Bed Room

Once upon a time, in a kingdom, there lived a prince and a princess named Ethan and Mia.

Their mother and father were not around as they were busy ruling the world. Ethan and Mia grew bored. One day, they had a crazy idea: they thought to find out what was beyond the galaxy. They went to the mall. They bought all the things they needed, like food, clothes, and building tools.

Thank You!

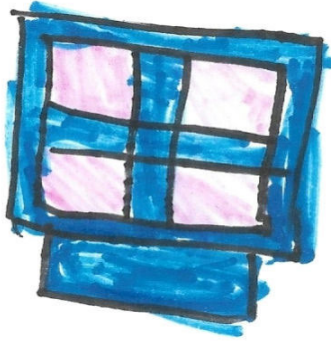

Ethan and Mia packed up all their things and at night, they snuck out of their room and went to the science lab.

They opened the science lab and built a big spaceship.
With tools and materials, they had gathered earlier, they worked tirelessly through the night. By dawn, their impressive spaceship was complete.
